To Whomsoever It May Concern

CERTIFICATE OF APPRECIATION

For work done under Odisha's BSKY Smart Health Card project

Project Start Date: 26th July 2021, and 3 years' contract upto November 2024.

This is to certify that the Odisha's BSKY Smart Health Card project is being excellently managed by UTI Infrastructure Technology And Services Limited (UTIITSL) on behalf & under directions of Odisha Computer Application Centre.

The project scope of Manufacturing, Printing, Personalisation & Distribution of SCOSTA 64K Chip based Smart Health Cards, for delivery of 1.93 Crore cards to 96.40 lakh family households across 30 districts of Odisha State, and the Procurement & Supply of IT & Non-IT devices (POS devices with Single Fingerprint Biometric Authentication devices, Single Eye IRIS Scanners & Tablets integrated, along with Smart Card Readers & Writers, Desktop PCs, Smart Card Printers) initially to 400 hospitals and 130 Updation Centres as per State Govt.'s intended destinations, has been successfully and timely achieved by UTIITSL within the stringent deadline of 4 months for the initial phase of the project, from August 2021 to November 2021, with value of more than Rs.142 Crore exclusive of taxes.

The State's feedback as being received on timely completion of this initial phase has been positive on the proven capability and expertise of the team involved in this prestigious project.

We would like to take this opportunity to congratulate UTIITSL team with a special mention of the following officers who have played an integral role and have indeed contributed to the grand success of the project from the very beginning with their seamless efforts and remarkable dedication:

1. Sri Sanjeev Tomar, Sr. Vice President
2. Sri Tapas Santra, Deputy Vice President
3. Sri Sandeep Vichare, Deputy Vice President, IT, Mumbai
4. Smt. Mamata Panda, Deputy Manager, Bhubaneswar
5. Sri Rajindra Kumar, Deputy Manager, Mumbai

We wish UTIITSL all success in their continuing and future endeavours. We are glad to remain associated with this team of UTIITSL for the remaining phase of the project and also for the upcoming opportunities to work together in future.
